Application Ref. No. APP088937

Dear Mr Islam

**The Victorian Building Authority granted your application for registration as a building practitioner.**

On 23 October 2019 the Victorian Building Authority (VBA) granted your application for registration in the category of engineer, class of engineer (civil).

Your period of registration is five years. Before the end of this period you will need to apply to the VBA to renew your registration if you wish to continue to practise as a building practitioner in Victoria.

Your practitioner registration number is **EC 64197**. You will receive your registration certificate and identification card in the post within the next three weeks.

You can find more information about the work each category and class of building practitioner is permitted to carry out in the relevant guides at [www.vba.vic.gov.au](http://www.vba.vic.gov.au)

Remember:

- When you write to us, always quote your practitioner registration number.
- Tell us if you change your phone number, address or email address so that we can keep you up to date.
- Your name, and the categories and classes of building practitioner in which you are registered, and any conditions imposed, will appear in our register of registered building practitioners. You can see the register at [www.vba.vic.gov.au](http://www.vba.vic.gov.au).
- You must pay an annual fee and provide proof of the required insurance every 12 months, before your registration anniversary date. If you fail to do so, the VBA will suspend your registration.
- Make sure you are covered by the required insurance at all times. If you are not covered by a required insurance, we must suspend your registration, and you will be deemed to be unregistered.
- Look after your registration certificate and identification card carefully, because there is a fee to replace them.

If you have any questions about the decision, please call us on 1300 815 127.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Jayne McCubbin".

Jayne McCubbin  
Registrar
